

2021 SEED POTATO LIST

Yukon Gold .75 Cents LB or \$31.99 for 50LBs

Yukon Gold Potato features a medium maturity, mid-season table stock and yellow flesh. Guaranteed to produce a high yield with a high specific gravity. Tubers are oval with shallow pink eyes and a yellowish-buff skin. Susceptible to scab but resistant to potato virus A and potato leaf roll virus.

Red Pontiac .75 Cents LB or \$31.99 for 50LBs

Red Pontiac Potato features a late maturity and is a mid-season table stock with a high yielding return and medium specific gravity. Tubers are round to oblong with medium deep eyes, dark red skin, sometimes netted and white flesh. This seed is drought tolerant but susceptible to potato virus Y, bruising and scab.

Norland .75 Cents LB or \$31.99 for 50LBs

Beautiful red skin. An attractive, medium oblong potato with shallow eyes, smooth red skin and white flesh. Norland is an early to mid season variety which is quite versatile for both boiling and baking. Good disease resistance. Norland is a good storage potato.

Chieftain .75 Cents LB or \$31.99 for 50LBs

Chieftain Potato features round to oblong tubers, shallow eyes and attractive red skin. This mid-season maturity table stock has a specific gravity similar to the Norland variety. Seeds are moderately resistant to scab.

Katahdin .75 Cents LB or \$31.99 for 50LBs

Excellent for baking and boiling, the Katahdin Potato features a medium to late maturity, with medium to high yields. Tubers are round to oblong with a buff, smooth skin and creamy white flesh.
